Communicating a **Socioecological** Transition in a **Mountain** Municipality Using a **Metabolism** Perspective

Kathryn Marshall, Michael Metzler, Georg Leitinger, Markus Schermer

International Mountain Conference Innsbruck, 9 September 2019
WS 2.1.A: Communicating Ecosystem Services from Mountains

Proposed Metabolism Model

Figure 1: Proposed model, source KM Marshall

Proposed Metabolism Model

Figure 2: Proposed model, source KM Marshall

Opportunities:

- Metabolism research on a mountain level
- Spatial and temporal approach options
- Interdisciplinary dialogue

Challenges:

- Data availability
