Master study programmes at the University of Innsbruck

Admission policies for graduates
from a foreign university

UNIVERSITY OF INNSBRUCK • ADMISSION DEPARTMENT

Innrain 52 – 6020 Innsbruck – Austria

E-mail: studienabteilung@uibk.ac.at

<http://www.uibk.ac.at/studienabteilung/en>

1.

GENERAL INFORMATION

Master degree programmes are regulated by separate curricula. Please consult the Admission Department's website for more detailed information on the content of the study programmes offered by our University.

The admission to a master degree programme in Austria does not entail the employment as a university assistant.

The submitted documents often do not meet legal requirements or are not sufficient to decide on the equivalence of your academic achievements with Austrian degree study programmes. You may therefore be requested to submit additional information (e.g. curricula, description of lectures, copy of your diploma thesis, academic regulations). Please note that this may result in a delay in reaching our decision.

**Processing your
application**

2. ADMISSION REQUIREMENTS

Equivalence of Graduation

General university entrance qualification

You must have completed an undergraduate degree programme at a recognised post-secondary institution (e.g. University, University of Applied Sciences). Your study must be equivalent to the relevant degree programme (e.g. bachelor) offered at our University.

Current Admission Statement

Special university entrance qualification

You must produce evidence issued by the competent authority at a recognised university (e.g. dean) in the country of your graduation that you do meet all requirements to be unconditionally admitted to the proposed doctoral study programme. The admission must be valid for the applied degree programme and semester.

If you hold a conditional admission to that university (e.g. entrance examination, average grade points), you must prove that you have met all additional requirements at that university.

This requirement does not apply to EEA nationals and applicants granted equal status. For detailed information on equal status please see the "Prospectus for international students" on the Admission Department's website under http://www.uibk.ac.at/studienabteilung/en/formulare_und_merkblaetter-en.html

3. APPLICATION DOCUMENTS

- form "Application for Admission" (http://www.uibk.ac.at/studienabteilung/en/formulare_und_merkblaetter-en.html)
Please state your master degree programme
- diploma certificate and graduation diploma
- academic transcript: official record of mode and length of completed programme, all taken examinations including title of lectures as well as title of your written thesis, marks awarded and ects/credit system.
- diploma supplement (if available)
- current acknowledgement of your eligibility to commence the proposed study programme¹ along with the respective master regulation
- evidence proving your equal status, where applicable
- curriculum vitae showing your education without any gaps
- knowledge of German if necessary

¹ This doesn't apply to EEA nationals and applicants granted equal status

4. AUTHENTICATION AND TRANSLATION

All documents, confirmations and transcripts issued by the foreign university must be submitted in prescribed mode of authentication inseparably joined with the German or English translation.

For details on authentication and translation of foreign documents please see the Prospectus for international students under http://www.uibk.ac.at/studienabteilung/en/formulare_und_merkblaetter-en.html

5. APPLICATION DEADLINE

Your complete application must be submitted to the University of Innsbruck, Admission Department, no later than the dates specified below:

Applying for the	Closing date
winter term	01. September
summer term	01. February

The application deadline does not apply to EEA nationals (European Economic Area) and applicants granted equal status (see internet http://www.uibk.ac.at/studienabteilung/en/termine_und_fristen-en.html). However, it is highly recommended to make your application as early as possible.

Attention for EEA nationals:
You have to make an online pre-registration besides the application as mentioned above. Please refer to our website for detailed information on this under <http://www.uibk.ac.at/studienabteilung/en/preregistration.html>
