## 13th European Meeting of the IOBC / WPRS Working Group

*“Insect Pathogens and Entomoparasitic Nematodes”*

---

**“Biological Control in IPM Systems”** 19 – 23 June 2011, Innsbruck, Tirol - Austria

---

### Call for Contributions

Four pages for each contribution.

Submission of papers possible until February 21<sup>st</sup> 2011.

Please be aware, that a Bulletin will be prepared to be handed out at the meeting in Innsbruck. Belated manuscripts will not be published in the IOBC Bulletin.

*Please Email your paper (contribution) to the following address:*

**Hermann.Strasser@uibk.ac.at**

### Proceeding Preparation (see also Instructions for IOBC/WPRS Bulletin)

[2 lines free]

### How to prepare a ready for print manuscript for the IOBC/WPRS bulletins [font: 15 pt, bold, flush left]

[1 line free]

**Horst Bathon, Luc Tirry [font 12 pt, bold]**

University of Gent, Department of Crop Protection, Laboratory of Agrozoology, Coupure  
Links 653, B-9000 Gent, Belgium [font: 12 pt, italics, block]*

[2 lines free]

**Abstract [font: 11 pt, bold]:** Twenty years ago, IOBC published a document that can be considered as one of the cornerstones of Integrated Production in Europe. Key element in this collection of documents is the Declaration of Ovrannaz. It was established by a group of entomologists that met in the Switzerland to discuss basic aspects and principles of Integrated Plant protection and production. It is gratifying to observe that the work of the IOBC carried out during the last 20 years has not only found its precipitation in European agriculture but has also generated interest outside the WPRS-region. [font:11 pt]

[1 line free]

**Key words** [font: 11 pt, bold]: pests, diseases, integrated control [font: 11 pt]

[2 lines free]

## **Introduction** [font: 13 pt, bold, flush left]

[1 line free]

Twenty years ago, IOBC published a document that can be considered as one of the cornerstones of Integrated Production in Europe.
