2 Methods

Don't take any of these section titles seriously. They're just for illustration.

Note that figures and tables (such as Figure 1 and Table 1) should appear in the paper, not at the end or in separate files.

Figure 1: A hero

Table 1: D-optimality values for design X under five different scenarios.

one	two	three	four	five
1.23	3.45	5.00	1.21	3.41
1.23	3.45	5.00	1.21	3.42

This section will be just long enough to illustrate what a full page of text looks like, for margins and spacing (Lamport, 1994).
