Dear Sirs («publisher or content provider»)

We would like to know about your views and experiences regarding your collaboration with our digital repository. Your contribution is extremely important to us in order to improve our services to you and to the public. All your data will be treated as confidential and will be used for project purposes only.

## GENERAL INFORMATION

Type of institution (public, private, academic, government...) \_\_\_\_\_

Field (natural sciences, medicine...): \_\_\_\_\_ Country \_\_\_\_\_ Date \_\_\_\_\_

## Cost-benefit analysis and local impact of the reUSE repository

(to be distributed in SEPT/OCT.)

### 1. The main motivation for your collaboration in the digital repository has been:

(Please mark your opinion with sign X):.

Evaluation scale: I completely agree (1), I somewhat agree (2), I neither agree nor disagree (3), I somewhat disagree (4) I completely disagree (5)

	1	2	3	4	5
Easier and faster access to our publications					
The possibility for disabled people to access our publications					
Long –term preservation of our electronic publications					
Easier and broader distribution of our printed documents					
To increase the interest in our organization					
To increase the dissemination of our activities and work					
To increase the recognition of our organization among our stakeholders					
To attract new sponsors					
To increase the public use of our publications					

Is there any other reason for your collaboration with the digital repository? Could you tell us about it?

--

***2. Kindly let us know your opinion about the benefits you expect from your contribution to the digital repository***

*(Please mark your opinion with sign X):.*

**Evaluation scale: I completely agree (1), I somewhat agree (2), I neither agree nor disagree (3), I somewhat disagree (4) I completely disagree (5)**

	1	2	3	4	5
<b>I expect that the digital repository will benefit our stake-holders, which is much more important than its costs</b>					
<b>I expect to have monetary advantages by collaborating with the reUSE project</b>					
<b>I don't mind the repository expenses</b>					
<b>I expect to save money collaborating with the reUSE project</b>					
<b>I expect that producing the electronic format of the printed publications will take more time than printing them</b>					
<b>I expect that negotiation transferring electronic versions to the repository will take too much time</b>					

**Do you expect any other benefits or losses? If yes, could you ennumerate them?**
