

## 7 Acknowledgements

The authors would like to express thanks to the various colleagues who assisted in the field, with the provision of important data or literature, help in the preparation of the manuscript and for companionship, amongst others especially emphasised shall be Klaus Oegg, Werner Kofler, Ronald Porley, Gordon Rothero, Alexandra Schmidl, Andreas Heiss, Andreas Gruber, and Geneviève M-J. Lécivain. The work has been supported by the Royal Society of London, the Royal Society of Edinburgh, and the Austrian Academy of Sciences, the University of Innsbruck and the Carnegie Trust for the Universities of Scotland.

Additionally Wolfgang K. Hofbauer wants to express his gratitude to his teachers Hans Pitschmann and Herbert Reisigl who laid the base for his botanical knowledge. He wants also to thank his supervisor Georg Gärtner who encouraged his passion for plants and taxonomy.

James H. Dickson was a Leverhulme Emeritus Fellow (2006 – 2008, Archaeobiology of Ancient Icemen). We are pleased to have had the help of Drs Henk Greven (*Grimmia*), Barbara Murray (*Andreaea*), Mark Hill (*Sphagnum*) and Timmo Koponen (Mniaceae).
