

*DP Alpine Biology and Global Change*

**Call for applications for DP Synergy Grant**

3-5 PhD-students from at least two different research groups realize a small research project, possibly (but not necessarily) at the interface between their theses. This could be an experiment, a modelling study, a literature review or a meta-analysis and should aim at producing a joint paper to be submitted to an international scientific journal. The project will be funded with up to 5000€.

Applications are restricted to students from the DP Alpine Biology and Global Change and should include

- 1) A short description (max. 3 p., Calibri 11 pt, 1.5 line spacing) of the project, including background, objectives and hypotheses, approach, expected outcome, time plan, 5-10 key references (can be included on a separate page)
- 2) An explanation of how the proposed research activity will increase the coherence of the DP beyond already existing activities / projects, including a short description of the role of the participants (max 1 p.)
- 3) A breakdown and justification of the costs (if they exceed 5 k€ additional available funding should be indicated) (1 p., can be complemented by quotes / proforma invoices if required)

Applications should be submitted to [dk-abgc@uibk.ac.at](mailto:dk-abgc@uibk.ac.at) by 31<sup>st</sup> August 2020.
