“Nail that Interview!”

Join us on Facebook for a virtual handshake!

*Do you want to work
or study in the USA?*

Whether you are a U.S. citizen or not, it is important to interview well and stand out from the competition. This is all the more important now that many interviews are on-line, whether with college admissions officers or potential employers. New York can be very different from Chicago, Houston, Miami or Los Angeles. Silicon Valley is a world of its own. This presentation will address the conversation and charisma you will need to present your best self and get the opportunity you want!
