## Gender, Culture and Social Change: Interdisciplinary MA Program at the University of Innsbruck

Mag.<sup>a</sup> Elisabeth Grabner-Niel  
*Office for Equal Opportunity Issues and Gender Studies*

Dr.<sup>in</sup> Kordula Schnegg  
*Department of Ancient History and Ancient Near Eastern Studies*

Wednesday, 15 December, 7.00 p.m.  
 Room 4U102a (GeiWi building, basement)

Gender is a social category that deeply structures all aspects of our lives and our world. This is especially true for globalization, migration and social change as significant features of our current society. It is only in combining and interrelating different scientific perspectives that gender issues can be understood in a comprehensive way - gender studies are necessarily interdisciplinary.

The **new Master program Gender, Culture and Social Change**, which combines scientific knowledge from seven faculties, provides training in the multi- and interdisciplinary gender analysis of human society with the focus on globalization and migration. Its aim is to acquire the necessary skills and competences in the fields of interculturality, difference/s, diversity and development politics with a systematic view on gender analysis.

**Mag.<sup>a</sup> Elisabeth Grabner-Niel** pursued feminist studies at Rosa Mayreder College Vienna. She works in the Office for Equal Opportunity Issues and Gender Studies at the University of Innsbruck and is the coordinator of the Interfaculty Master Program "Gender, Culture and Social Change."

**Dr.<sup>in</sup> Kordula Schnegg** is university assistant for Ancient History and program manager of the MA "Gender, Culture and Social Change."

Looking forward to welcoming you to this ACI event,

Univ.-Prof. Mag. Dr. Gudrun M. Grabher  
 Director, American Corner Innsbruck
