

## 1<sup>st</sup> CALL FOR PAPERS

Researchers and participants in Glacial Archaeology studies are invited to submit proposals for session topics, papers and posters to be presented at the 4<sup>th</sup> edition of the FROZEN PASTS conference.

Presentations of papers will be between 20 – 30 minutes depending on the number of proposals received. Papers will be grouped into sessions, with session leaders appointed for each. We are looking for new session themes, but general session themes will follow those used in Berne, Trondheim and Whitehorse. These will include:

- Glacial Archaeology – finds & sites, methods, surveys & analysis
- Climate Change – past & present climates – proxy data, methods and results
- Frozen Sites – multidisciplinary approaches
- Conservation and Preservation – issues and developments
- Frozen Pasts – the ecology & ethnography of Glacial Archaeological sites
- Poster Presentations will be exhibited during the conference and should be in A0 format.

The **deadline for submission** of the proposals will be the **31<sup>st</sup> of January 2016**.
