

First Announcement

Pharma 2030 – Current and Future Challenges

University of Innsbruck, Austria

Center for Chemistry and Biomedicine
20 – 22 April 2017

A Joint Symposium of the Austrian Pharmaceutical Society (ÖPhG)
and the Swiss Academy of Pharmaceutical Sciences (SAPhW)

ÖSTERREICHISCHE
PHARMAZEUTISCHE
GESELLSCHAFT

SAPhW
Schweizerische Akademie
der Pharmazeutischen
Wissenschaften

Conference Chairmen

G. Borchard, Geneva
H. Stuppner, Innsbruck

Organizing Committee

R. Brenneisen, Bern
U. Griesser, Innsbruck
E. Gstrein, Innsbruck

Scientific Committee

B. Gander, Zürich
S. Mühlebach, Basel
J. Huwiler, Basel
T. Langer, Wien
R. Lemmens-Gruber, Wien
F. Bucar, Graz

A. Koschak, Innsbruck
J. Striessnig, Innsbruck
R. Gust, Innsbruck
A. Bernkop-Schnürch, Innsbruck
H. Vierstein, Wien
M. Ganzera, Innsbruck
S. Sturm, Innsbruck

Invitation

The Organizing and Scientific Committees are delighted to welcome you to participate in this exciting joint meeting of the Austrian Pharmaceutical Society and the Swiss Academy of Pharmaceutical Sciences. The conference will take place at the University of Innsbruck, Austria, Center for Chemistry and Biomedicine (CCB), Innrain 80 - 82. The venue is within walking distance of the historic center of Innsbruck (15 min) and of most hotels.

Scientific Topics

- Natural Products | Medicinal Products
- Pharmaceutical Technology
- Pharmacology
- Pharmaceutical Chemistry | Computer-aided Molecular Design
- Personalized Medicine
- Clinical Pharmacy
- Nanomedicines

Call for Papers

Scientific contributions (short lectures and posters) to the above mentioned scientific topics and other related fields are very much welcome.

Confirmed Speakers and Topics

C. R. Meier, University Basel (CH): *Clinical Pharmacy and medication management: much more than hospital-based disciplines.*

D. Rauh, Technical University Dortmund (D): *Chemical Oncology for Drug Research.*

S. Rudaz, University of Geneva (CH): *New insights in counterfeits detection based on Capillary-Electrophoresis.*

R. Fürst, Universität Frankfurt (D): *Influencing endothelial functions by biogenic compounds.*

S. Michalakakis, University Munich (D): *Development of Gene Therapies for Retinal Diseases.*

D. Crommelin, Utrecht University (NL): *Past, present and future of pharmaceutical sciences. A personal view.*

Official Language

The congress will be held in English, no simultaneous translation will be provided.

Second Announcement

Detailed information on the congress will be provided on Dezember 15th 2016.
