

7th Workshop in behavioral and experimental health economics

University of Innsbruck and Management Center Innsbruck

February 6th – 7th, 2020

Thursday, Feb 6th

- | | |
|---------------|---|
| 09:00 – 09:45 | Registration |
| 09:45 – 10:00 | Welcome and introduction |
| 10:00 – 11:15 | Contributed session I (Chair: Daniela Glätzle-Rützler) |
| | Christian Waibel: <i>Cost-sharing or rebate: what drives patients' treatment decisions?</i> |
| | Katharina Huesmann: <i>Rankings in health care markets</i> |
| 11:15 – 11:45 | Coffee break |
| 11:45 – 12:45 | Keynote speech: Sunita Sah <i>'The paradox of disclosure'</i> |
| 12:45 – 14:15 | Lunch |
| 14:15 – 15:00 | Blitz presentations of posters |
| 15:00 – 16:00 | Coffee and posters |
| 16:00 – 17:45 | Contributed session II (Chair: Claudia Zoller) |
| | Robert Böhm: <i>Social uncertainty increases antibiotics overuse: evidence from a behavioral game experiment</i> |
| | Andre Hofmeyr: <i>The probability discounting model of choice under risk: a critique of the experimental addiction literature</i> |
| | Andrej Woerner: <i>Overcoming time inconsistency with a matched bet: theory and evidence from exercising</i> |
| 18:30 – late | Dinner at 'Haus der Musik' |

Friday, Feb 7th

09:30 – 10:30 Keynote speech: Marcos Vera Hernandez. *‘Extrinsic incentives, image motivation and social pressure: evidence from a large-scale experiment with Nigerian midwives’*

10:30 – 11:00 Coffee break

11:00 – 12:45 Contributed session III: CEAR Special Session (Chair: John Thielman)

Arthur Attema: *Reference-dependent discounting for health and money: evidence from risky timing prospects*

Katharina Momsen: *Beliefs about Health Risk Exposure and the Demand for Information ? Experimental Evidence*

Sebastian Schneider: *(Higher order) risk preferences and patience predict addictive behavior among adolescents*

12:45 – 14:15 Lunch

14:15 – 16:00 Contributed session IV (Chair: Helena Fornwagner)

Lauri Sääksvuori: *Herd Immunity and Influenza Vaccination: Evidence from a large-scale RCT*

Armenak Antinyan: *Healthcare Nudging in the Development Context: an RCT in the Republic of Armenia*

Christina Gravert: *Attention, information or emotions? What drives the response to medical adherence reminders?*

16:30 – 18:30 Policy round table and short reception

18:30 Closing of the workshop

Optional social program on Saturday, Feb 8th

09:15 – 14:00 Breakfast on the mountain (Restaurant ‘Seegrube’)

Event location: Universitätsstrasse 15, Innsbruck

Contributed sessions, keynote speeches and poster presentations: Hörsaal 2, University of Innsbruck

Policy round table: Aula, Management Center Innsbruck

Poster session

First name:	Surname:	Affiliation:	Title of the paper:
Mona	Groß	University of Cologne	Audits, fines and dishonest behavior in neonatology: A behavioral experiment
Ariadna	Garcia-Prado	Public University of Navarra. Economics Department	Using visual stimuli to promote healthy snack choices among children
Benjamin	Chibuye	Christian-Albrechts-University of Kiel	Do Financial Incentives in a Health Setting Have a Dark Side? Experimental Evidence from Zambia
Silvia	Angerer	UMIT University	Competition, reputation and feedback in health care markets: Experimental evidence
Stephanie	Thomas	Curtin University	How do participants rate their health in a desktop virtual reality?
Katharina	Momsen	University of Innsbruck	Beliefs about Health Risk Exposure and the Demand for Information ? Experimental Evidence
Xenia	Adaeva	Higher School of Economics in St Petersburg	Conflict of Interests and Strategic Ignorance: Case of Medical Students in Russia
Kaywana	Raeburn	Union College	Determinants of Household Food Consumption Choices: Experimental Evidence from St. Kitts
Michelle	Hanson	University of Bolzano	What am I looking for in a doctor? Shifts in attribute valuations on exposure to quality information in consumers? choice of a primary care provider
Natalie	Gold	Public Health England	Differential effectiveness of behavioural insights across the population? An exploratory analysis
Stefan	Lipman	Erasmus School of Health Policy & Management	One size fits all? Designing financial incentives for health behavior tailored to individual economic preferences
Sandro T.	Stoffel	University of Basel	Using choice architecture to increase acceptance of colorectal cancer screening: Offering male endoscopists as decoy to disinclined women

Participants

First name:	Surname:	Affiliation:
Xenia	Adaeva	Higher School of Economics in St Petersburg
Silvia	Angerer	UMIT University
Armenak	Antinyan	Zhongnan University of Economics and Law
Arthur	Attema	Erasmus University Rotterdam
Alexandra	Baier	University of Innsbruck
Loukas	Balafoutas	University of Innsbruck
Cornelia	Betsch	University of Erfurt
Robert	Böhm	University of Copenhagen
Jeannette	Brosig-Koch	University of Duisburg-Essen
Natalia	Bulla	University Duisburg-Essen
Benjamin	Chibuye	Christian-Albrechts-University of Kiel
Helena	Fornwagner	University of Innsbruck
Matteo	Galizzi	London School of Economics
Ariadna	Garcia-Prado	Public University of Navarra. Economics Department
Daniela	Glätzle-Rützler	University of Innsbruck
Natalie	Gold	Public Health England
Christina	Gravert	University of Copenhagen
Mona	Groß	University of Cologne
Michelle	Hanson	University of Bolzano
Glenn	Harrison	CEAR & Georgia State University
Heike	Hennig-Schmidt	University of Bonn
Andre	Hofmeyr	School of Economics, University of Cape Town
John	Horton	CEAR & Emory University
Katharina	Huesmann	WWU Münster
Tarek	Jaber-Lopez	University of Innsbruck
Martin	Kocher	University of Vienna & IHS
Stefan	Lipman	Erasmus School of Health Policy & Management
Katharina	Momsen	University of Innsbruck
Jabulile	Mpanza	School of Economics, University of Cape Town
Sebastian	Neumann-Böhme	Erasmus University Rotterdam
Lisa	Norrgrén	Gothenburg University Department of Economics
Monika	Pompeo	University of Nottingham
Josef	Probst	Hauptverband
Kaywana	Raeburn	Union College

Thomas	Rittmannsberger	University of Innsbruck
Don	Ross	CEAR & University College of Cork
Lauri	Sääksvuori	Finnish Institute for Health and Welfare
Sunita	Sah	Cornell University
Mark	Schneider	CEAR & Georgia State University
Sebastian	Schneider	Max Planck Institute for Research on Collective Goods, Bonn
Nina	Serdarevic	University of Bergen
Sandro T.	Stoffel	University of Basel
John	Thielman	CEAR & Georgia State University
Stephanie	Thomas	Curtin University
Marcos	Vera Hernandez	University College London
Christian	Waibel	ETH Zürich
Daniel	Wiesen	University of Cologne
Andrej	Woerner	Ludwig-Maximilians-Universität München
Claudia	Zoller	Management Center Innsbruck
