GUIDELINES FOR THE PRESENTER

- Log in via the link provided above 10 minutes before the start of the webinar and activate your webcam.
- There will be a short introduction by the host of the webinar before the start of your talk.
- The main discussion is supposed to take place after your talk, however, according to your preferences we can also allow questions during your talk.

GUIDELINES FOR LISTENERS

- After log-in you can activate/deactivate your webcam as you wish. Please keep the microphone muted unless you speak.
- If you want to ask a question please indicate that by writing “?” in the Public Chat. The moderator will announce the person who wants to say something.
- Please activate your webcam when talking to the speaker don't forget to deactivate your microphone after you finished the discussion with the presenter.

GUIDELINES FOR THE BREAKOUT SESSION

- The breakout session is intended to (at least partially) compensate for personal meetings between the speaker and researchers and provides an opportunity for a discussion in a smaller group. We use the same meeting room for the breakout session and ask everyone who is not part of them to log out.
