

The University of Innsbruck invites applications for the position of a

**University Professor
of
Business Administration with a focus on Information Systems**

at the School of Management, Department of Information Systems, Production and Logistics Management. The position will be based on a permanent civil-law employment contract with the University.

Responsibilities

The professor shall represent the subject of Business Administration with a focus on Information Systems in research and teaching.

The successful candidate is expected to pursue internationally recognized scientific research on the subject of Information Systems in one or more of the following fields: business processes, design of innovative, mobile or adaptive information and communication systems, IT service management, project (portfolio) management, social computing as well as value networks. We do not expect any specific methodological orientation.

The professor shall contribute to the existing research group and to the planned research center "Services Sciences and Knowledge-Intensive Organizations".

He/she is expected to publish in internationally well-established peer-reviewed research journals and in the context of highly reputed international research conferences. Cooperation with international research and/or project partners, and successful applications for research grants are further essential responsibilities.

The professor shall teach in the School's undergraduate, graduate and PhD programs. Teaching will be in German and English.

He/she is expected to actively participate in the strategic development of the School of Management and in academic self-government.

Qualification requirements

- a) a pertinent degree in higher education in Austria or the equivalent;
- b) a pertinent 'Habilitation' or comparable qualification;
- c) publications in leading international peer-reviewed research journals as well as in the context of highly reputed international research conferences;
- d) documented participation in international scholarly discourses;
- e) experience in raising third-party funding;
- f) excellent teaching skills;
- g) international experience in teaching and/or research;
- h) ability to lead teams in research and teaching.

Applications must reach us at the latest by

19th of September 2012

They are to be addressed to Leopold-Franzens-Universität Innsbruck, Fakultäten Servicestelle, Standort Karl-Rahner- Platz 3, A-6020 Innsbruck (fss-karlrahnertplatz@uibk.ac.at).

The University of Innsbruck is committed to increasing the percentage of female employees especially in leading positions and therefore explicitly invites applications by women. In the case of equivalent qualifications, women will be given preference.

The basic salary is set down in the collective bargaining agreement for university employees. Professors are in the remuneration group A 1. For the position the gross salary is 4.571,20 Euro per month (14 x). Depending on qualification and experience a higher salary can be a topic in the negotiations with the rector. Beyond that the university offers attractive additional benefits (<http://www.uibk.ac.at/universitaet/zusatzleistungen/>).

The application should include: CV including a description of the applicant's scholarly and professional career; list of scientific publications; list of ongoing and completed research projects (amount of funding, funding body, duration); planned research activities at the Department of Information Systems, Production and Logistics Management; list of courses taught and available teaching evaluations; electronic copies of five significant publications.

The application and all accompanying documents should be submitted electronically (CD-ROM or e-mail). Submission as a hardcopy is optional.

The applications will be reviewed internationally; therefore the application has to be in English.

The full, authoritative text in German (published in the official bulletin of the University of Innsbruck of 18th of July 2012), comprehensive information on the School of Management, the Department of Information Systems, Production and Logistics Management, and the current state of the appointment procedure is available at: <http://www.uibk.ac.at/fakultaeten/betriebswirtschaft/career.html>.
