

**The Title of my Thesis Plus Some Text to Exceed a  
Single Line and Maybe Even Long Enough to  
Produce Three Lines (but not More!)<sup>1</sup>**

Template for preparing Doctoral Theses at the Faculty of  
Engineering Sciences, University of Innsbruck<sup>2</sup>

Dipl.-Ing. Bettina Mayer, BA

Innsbruck, August 2017

Dissertation

eingereicht an der Leopold-Franzens-Universität Innsbruck, Fakultät für  
Technische Wissenschaften zur Erlangung des akademischen Grades

Doktorin der Technischen Wissenschaften

---

<sup>1</sup>Title and subtitle in English if thesis is written in English. Remaining text of titlepage must  
be in German!

<sup>2</sup>Subtitle is optional.

Erste Beurteilerin: <sup>3</sup> Univ.-Prof. Dr. Anke Bockreis, Universität Innsbruck,  
Institut für Infrastruktur, Arbeitsbereich für Umwelttechnik

Zweiter Beurteiler: o. Univ.-Prof. Dipl.-Ing. Dr. Günter Hofstetter, Universität  
Innsbruck, Institut für Grundlagen der Technischen  
Wissenschaften, Arbeitsbereich für Festigkeitslehre

---

<sup>3</sup> The evaluators must be coordinated with the Dean of Studies *prior to printing*. Only persons with habilitation are eligible. Only one of the advisors can act as evaluator.

Hauptbetreuerin: <sup>4</sup> Univ.-Prof. Dr. Anke Bockreis, Universität Innsbruck,  
Institut für Infrastruktur, Arbeitsbereich für Umwelttechnik

Zweiter Betreuer: <sup>5</sup> Univ.-Prof. Dr. Manfred Husty, Universität Innsbruck,  
Institut für Grundlagen der Technischen Wissenschaften,  
Arbeitsbereich für Geometrie und CAD

---

<sup>4</sup>Only persons with habilitation are eligible.

<sup>5</sup>If applicable.

## Formal Structure of a Doctoral Thesis

This doctoral thesis is to be printed two-sided. New chapters start on a new page.

- The doctoral thesis is structured as follows:
  - Page 1: Titlepage
  - Page 2: first evaluator, second evaluator; only people with habilitation are eligible
  - Page 3: Team of advisors:
    - \* principal advisor
    - \* first co-advisor (if applicable)
    - \* second co-advisor (if applicable)
  - Page 4: Acknowledgment (optional)
  - Page 5: Kurzfassung (in German!)
  - Page 6: Abstract (in English!)
- This is followed by:
  - Table of Contents
  - List of Figures (optional)
  - List of Tables (optional)
  - First Chapter
  - ...
  - Last Chapter
  - Bibliography (numeric citation style as in this template is not obligatory; you may also use an author-year style)
  - Appendix (if necessary)
  - Last page: Verpflichtungs- und Einverständniserklärung (in German!)

In case of a cumulative dissertation, the rules of the curriculum must be obeyed. *In particular a verbal description of your own contribution to the individual articles is required.*

## Electronic Submission

For electronic submission the thesis is to be converted into pdf-format. It is required that this file is not password protected!

## Using the LaTeX Template

The LaTeX template is based on the memoir class. You may use configuration options of this class to customize the look of your thesis.

Peter Wilson. *The Memoir Class for Configurable Typesetting. User Guide*. The Herries Press, Normandy Park, 2016

<http://mirrors.ctan.org/macros/latex/contrib/memoir/memman.pdf>.

## Short description of class options

**uni:** Options are LFUI or UMIT.

**type:** Options are BA (Bachelor), MA (Master), or PhD (PhD).

**lang** Options are english or german.

**study** Options are BauUmwelt (Bau und Umweltingenieurwissenschaften), Bau (Bauingenieurwissenschaften), Umwelt (Umweltingenieurwissenschaften), Mech (Mechatronik), or Doktorat (Doktorat Technische Wissenschaften).

**explanation** Options are false and true. Set to false for final version!

```
\documentclass[
uni=LFUI,
type=MA,
lang=english,
study=Mech,
% explanation=false,
]{ftwthesis}
```

# Acknowledgment

Optional. If not needed, just delete or leave empty.

# **Kurzfassung**

Kurzfassung Ihrer Arbeit in deutscher Sprache. Verpflichtend!

# **Abstract**

Abstract of your thesis in English. Compulsory!

# 1 Heading on Level 0 (chapter)

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

## 1.1 Heading on Level 1 (section)

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

This is the second paragraph. Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

And after the second paragraph follows the third paragraph. Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

After this fourth paragraph, we start a new paragraph sequence. Hello, here is some

text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

### **Example for list (description)**

**First item in a list** Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

**Second item in a list** Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

**Third item in a list** Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

**Fourth item in a list** Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

**Fifth item in a list** Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this

text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

### **Example for list (4\*description)**

**First item in a list** Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like “Huardest gefburn”? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

The documentclass `ftwthesis` is based on the `memoir` class by Peter Wilson (now maintained by Lars Madsen), see [1]. You may use the configuration option of this class to change the layout of your thesis. For example, the command `\defaultlists` increases the vertical spacing in subsequent lists [1, p. 136].
