

1st IDS Workshop University of Innsbruck

Hybrid (HS 1 and Livestream), September 09, 2021, 9am – 1pm.

Call for Presentations and Papers

The Research Center “Innsbruck Decision Sciences” (IDS) at the University of Innsbruck is pleased to invite you to apply for the **1st IDS Workshop**, which will take place in the form of a **hybrid event** (live performance in HS1 and Livestream).

Goal and format

The goal of the first workshop will be to present **recent work in the IDS** and to provide an **overview of the various research groups** that are part of IDS.

There will be **two categories of presentations**:

1. Presentations of **research areas** (i.e., research questions, methods applied, potential synergies and points of contact with others in IDS);
2. **Short presentations of papers/research projects**.

For **category 1 presentations**, we aim for **presentations of research areas/groups**, outlining key research questions, key methods applied, and synergies that can be enfolded with other members or groups of IDS. Here, we aim for slots of **30 minutes** for each presentation, including a minimum of 10 minutes of discussion.

For **category 2 presentations**, we aim for a **standard conference format**, but we relegate the entire presentation time (including discussion) to **15 minutes**. Here, we also welcome contributions at an early stage (i.e., from the stage of data collection to studies being close to publication). The goal is to provide others a flashlight of exciting and novel research projects.

Important dates

August 30, 2021: **Deadline for submissions.** Please send an e-mail to ids@uibk.ac.at outlining the category – 1. or 2. – and the title of your talk.

September 2, 2021: **Notification of acceptance.**

September 2, 2021: **Registration deadline.** Please register your participation here:
