

SOS Children's Villages International Office, Innsbruck/ Vienna

SOS Children's Villages International is the umbrella organisation for SOS Children's Villages associations in more than 130 countries worldwide. We are a leading non-governmental social development organisation helping children without parental care and families in difficult living conditions through our care, education and health programmes. We are seeking a committed student for the following master thesis topic/ practical project

**Master thesis/ Practical project:
Develop a concept for reporting on environmental KPIs for SOS Children's
Villages International offices in Innsbruck and Vienna**

Your responsibilities:

- Compare environmental management systems of other organisations
- Identify relevant environmental KPIs for SOS Children's Villages International offices in Innsbruck and Vienna in alignment with existing environmental management systems (e.g. EMAS)
- Define measures and resources needed to allow for indicator measurement and eventually pilot some measurements
- Evaluate resources needed to maintain the KPI system and eventually expand coverage (to other locations)

Your profile:

- Background in an area such as business administration/ economics/ sustainability and environmental management or environmental engineering
- High affinity to combine the areas of business administration or economics with the aspects of sustainability and environmental management
- Knowledge on the implementation of environmental management systems (in particular as part of integrated management systems) is an advantage
- Strong MS-Office user skills
- Excellent knowledge of English and German

If you are interested, please send your CV and a short statement why you are interested to work on this topic by 18 December 2015 at the latest via e-mail to manuela.radelsboeck@sos-kd.org, SOS Children's Villages International, Human Resources and Organisation Development, 6020 Innsbruck/Austria.
