

Scientific Manager for Doctoral Programme **(m/f, postdoctoral level, 40h/week for 4 years)**

The position of a **Scientific Manager** is available at the **University of Innsbruck** starting Sept. 1st 2015. The objectives are to coordinate and manage the operations of a newly granted **Doctoral Programme in Physics**. The Doctoral Programme **Atoms, Light, and Molecules**, funded by the Austrian Science Fund (FWF), will start in January 2016. A total of 26 Ph.D. students will be trained and will carry out their research in this Doctoral Programme.

We are looking for a **scientist (m/f) with communication and organisation skills**, proficient in German and English, who is experienced and motivated to work in the field of science management. A doctoral degree is required. The gross salary for this position amounts to 3546 €/month (14x). For more information about the position please contact the speaker of the Doctoral Programme, Univ.-Prof. Dr. Roland Wester. Interested candidates are asked to include a motivation letter, a C.V., and references for relevant previous experience in their application and submit it electronically to the address below. Applications are considered before **Aug. 15th 2015** or until the position is filled.
