

Guest Lecture

Payment of Debts in Succession Law A European Comparative Perspective

Wednesday, June 5th, 15.30 – 17.00 h

Hörsaal B

Abstract

The transfer of the deceased's debts is a common consequence that arises from the phenomenon of succession in both Civil and Common Law legal systems. In this respect, a number of conflicting interests are at stake: namely, the interest of the heir that needs to be balanced against the interest of the different groups of creditors. Prof. Murga will analyze the legal solutions to these matters under a number of European legal systems, pointing out their common and particular effects and defects.

Professor Murga Fernández will also present his course on Comparative Succession Law which he will teach during his stay in Innsbruck in June 2019.

Hosts

Ass.-Prof. Dr. Kristin Nemeth, LL.M. (EHI)

Institut für Zivilrecht
