

INVITATION

INSTITUTE SEMINAR MICROBIOLOGY

Thursday, 19.05.2022 at 11am
online & in presence (seminar room 504 Biologie Foyer)

“The hidden half: back to roots”

Raffaella Balestrini

Senior Researcher

National Research Council of Italy
Institute for sustainable plant protection
Turin, Italy

The seminar will focus on the role of beneficial soil microorganisms in modulating the plant response to environmental stresses, considering the identification of the involved mechanisms and traits, with a particular attention to the mycorrhizal root symbioses.

We would like to thank the Italien Zentrum for their support!
