

9TH WORKSHOP NUMERICAL ANALYSIS OF EVOLUTION EQUATIONS INNSBRUCK, NOVEMBER 8-11, 2016

Invited Speakers

MARTIN J. GANDER

Section de Mathématiques, Université de Genève

MARI PAZ CALVO

Departemento de Matemática Aplicada, Universidad de Valladolid

The intention of the workshop is to provide a platform for exchanging new ideas and results in the development of innovative integrators for evolution equations. The workshop covers both, theoretical and practical aspects, and wants to bring together numerical analysts working in the field as well as PhD students who intend to start in this area.
