Part I

1 Zusammenfassung für die Öffentlichkeitsarbeit

Disclaimer:

This is NOT an official template approved by the FWF.

This is merely a hack that emulates the look of the word document.

It is not complete but potentially saves time.

Use at your own risk - enjoy!

Karin Schnass, August 25, 2015.

2 Summary for public relations work

Part II

1   Report on research work

1.1   Development of the research project

1.2   Most important results

1.3   Execution of the project/use of funds

Here and in the next subsections invited talks are listed with a ⋆.

- ⋆ *IMPORTANT conference*, month days, 20xx, fancy location.
  Talk: *Very important research results.*

- • *Another important conference*, month days, 20xx, even fancier location.
  Poster: *Not so important research results.*

5.2   Conferences, workshops and talks - upcoming (invitation/acceptance before project end)

- ⋆ *conferences very soon*, month days, 20xx, fancy location.
  Talk: *Very important research results.*

- ⋆ *Workshop on world saving topic*, month days, 20xx, fancy retreat.
  Organisers: Guru1, Guru2, Guru3
  Talk: *tba*

5.3 Conference invitations - declined/not attended

⋆ *Uninteresting conference*, month days, 20xx, horrible location,
   declined because of time constraints, etc.

Part III

1 Scholarly/scientific contributions

All publications mentioned below are available for download at `http://homepage.myuniversity/pub.htm`. Journal publications (research papers) are also available on arXiv as indicated by the respective number. The three most important publication are listen with a ⋆.

1.1 Peer-reviewed publications/ already published

- ⋆ Authors, *Title,* Journal, in press[1], xx pages, 20xx. (Gold/Green OA, arXiv:1234.56789)

- ⋆ Authors, *Title,* Journal/Proceedings, details, 2014. (Gold/Green OA, arXiv:1234.56789)

1.2 Non peer-reviewed publications/ already published

- ⋆ Authors, *Title,* Journal, submitted, xx pages, 20xx. (Gold/Green OA, arXiv:1234.56789)

1.3 Planned publications

2 Most important academic awards

Offer (first listed) for fancy job at fancy university	internat
Best Paper at fancy conference	internat.

3 Information on results relevant to commercial applications

4 Publications for the general public and other publications

	national	international
Self-authored publications on the www	n	-
Editorial contributions in the media	-	-
(Participatory) contributions within science communication	-	-
Popular science contributions	-	m

- details on publication 1

- details on publication 2

---

[1]Math papers have a horrible delay or some other excuse why after 1.5 years things are not published yet.

5 Development of collaborations

N	G	E	D	Name	Institution
FRA	m/f	E1/2/3	W	Firstname Lastname	Institute, CH

Some info on collaborations

6 Development of human resources in the course of the project

7 Career development of the principal investigator in the course of the project

7.1 Venia thesis or equivalent qualification

Yes/No

7.2 Current professional position

e.g.

non permanent, Research

Research Institution: University

Professional position: Senior scientist

8 Application for follow-up projects

8.1 Application for follow-up projects (FWF projects)

Project number	number
Project type	programme
Title/subject	marketing title
Status	granted/submitted

8.2 Application for follow-up projects (Other national projects)

8.3 Application for follow-up projects (international projects)

9 (in case of Schrödinger) Confirmation of the host institution on the duration of the stay

e.g.

Presented at the end of the abroad phase.

Type of host organisation: Universities and Higher Education

Have you been active in the host organisation before the fellowship: No

Country of Residence at the time of selection for the fellowship: Austria
