Hike: Hungerburg – Gramartboden – Höttinger Bild – Planötzenhof

<https://www.innsbruck.info/wandern/m/hungerburg-gramart-hoettingerbild.html>

We will start from Hungerburg and wander along Gramartstraße toward Gramartboden, a popular local recreation area featuring a lovely playground. We will continue on a pleasant forest path with no major inclines leading to the Höttinger Bild pilgrimage church. This is a quiet and contemplative spot in the middle of the forest. The trail then heads downhill to the Planötzenhof, where we will have our lunch together. To get home afterwards, we'll have to continue downhill to the Innsbruck Schlotthofweg bus stop for the line “A”.

An alternative hike would be from Rauschbrunnen to Höttinger Bild and to Planötzenhof. In case you choose to do that please organize by yourself. We meet at Planötzenhof at noon.

Lunch: Planötzenhof

The institutes will pay for one main dish per person and the drinks provided.

Everything on top you'll have to pay individually, please.

Kind regards,

Your admin staff at ExpPhys, ITP and IQOQI
