

Wirtschaftspolitik: Economics of European Integration

Course in English!

This course enables students to understand the **most important economic concepts in European integration**. The discussions particularly focus on **new developments in the economic governance in EMU**, including the Stability and Growth Pact, the Macroeconomic Imbalance Procedure, the European Semester, EFSF and ESM, "six pack", "euro plus pact" etc.

How do the institutions work in general? What kind of policy responses to recent challenges take place? **What lessons were learned from financial and other crisis?**

WS: VU und PS (geblockte Abhaltung)

LV Leiterin: Priv.-Doz. Dr. Martin-Lukas Gächter, zusammen mit Expertinnen von der EZB; **Ansprechperson vor Ort:** assoz. Prof. Dr. Andreas Exenberger
