

Scientific Illustration Workshops

1. Mark Belan

When: 2th September 2022, 1 pm to ~6 pm

Where: Institute of Botany, Sternwartestraße 15 – Seminar Room (tba), in presence

In this workshop we will learn how to do visual storytelling and communication in a simple and effective way. Mark will give us a short introduction in design principles and theory. We will do live critiques, tutorials and consultations using our own figures from publications or presentations. We will discuss how to make good posters, infographics, and figures for publication, and which software can be used to do it.

2. Cirenía Arias Baldrich

When: 26th – 28th September 2022, 1 pm to ~6 pm

Where: online (Zoom link tba)

In this workshop, Cirenía will give us a broad overview of sketching techniques and graphic design basics (design theory, colour theory). We will learn how to work with the free software Inkscape to create informative and easy to understand figures. This workshop will be limited to max. 15 people.
