**OPENING
17 JUNE**

2026

3-4 PM

As part of Diversity Week (17 June - 24 June), students of the seminars "Body and Gender: Visual Histories of Sport" present a public poster exhibition on the visual history of sport and gender.

Based on historical sports photographs from the 1910s to the 1930s, preserved in the Innsbruck City Archive and the Berlin Sportmuseum, the research projects explore how bodies, performance, gender, and social roles were visually represented.
