Aurora SDG Research Dashboard

The **Aurora Sustainable Development Goals Research Dashboard** (ASRD) aims to turn the United Nations Sustainable Development Goals into a leading narrative for research within and beyond the Aurora Alliance.

Your input is invaluable to us as it helps us optimize the dashboard for our future users. Therefore, we kindly ask you to participate in the Aurora SDG research dashboard User Need Inventory developed in co-creation with the Aurora Student Champions and Ambassadors. Scan the QR code to access the User Need Inventory. Thanks on behalf of the entire Aurora team!
