

Ökologisches Kolloquium

WS 2025/26

Oktober
27

Allison Skidmore
(Montana State University)

"Wildlife trafficking in the Russian Far East: a criminological inquiry into the illegal tiger trade"

17:15 HS E, Technikerstr. 25, 6020 Innsbruck

November
10

Isabella A. Oleksy
(University of Colorado Boulder - Ecology and Evolutionary Biology)

"Lake responses to global change: insights from diverse ecosystems and approaches"

17:15 Zoom

November
17

Christiaan van der Tol
(University of Twente - Ecohydrology and Earth Observation)

"Remote Sensing of Plant Physiology"

17:00 HS A, Sternwartestr. 15, 6020 Innsbruck

November
24

Milla Rautio
(Université du Québec à Chicoutimi - Department of Fundamental Sciences)

"How does ice shape biogeochemistry and planktonic food webs in northern lakes?"

17:00 Zoom

Dezember
01

Janice Brahney
(Utah State University – Watershed Sciences Department)

"Dust in the critical zone"

17:00 Zoom

Jänner
26

Gianluca Tettamanti
(University of Insubria - Department of Zoology)

"Biological constraints and opportunities in Black Soldier Fly-mediated waste valorization"

17:15 HS D, Technikerstr. 25, 6020 Innsbruck

Februar
02

Ilya Gelfand
(Ben-Gurion University of the Negev)

"What Drives Trace Gas Emissions from Desert Soils: Biological, Chemical, or Biochemical Processes?"

17:00 HS A, Sternwartestr. 15, 6020 Innsbruck

Institut für Ökologie
