PhD Programm Management

Dissertation concept to be submitted with application

The curriculum requires you to submit with your application a dissertation concept that is suitable in terms of subject matter and supervisable by the Faculty of Business and Management.

The dissertation concept shall

- outline the topic and objective (research question or problem statement) of your intended doctoral research project;
- outline your research approach;
- provide 5 indicative references; and
- suggest a possible supervisor.

Please note the following formal requirements:

- The length may not exceed 4,000 characters (including spaces).
- The concept must be submitted in English.
