

## LECTURE SERIES

# CLIMATE PROTECTION

**Audimax,  
Agnes-Heller-Haus, Innrain 52a**

**on wednesdays from 13:45**

**SCAN FOR MORE  
INFORMATION**

## PROGRAM SUMMER SEMESTER 25

**Wednesday, 5.03.2025, 13:45**

Introduction to the lecture series SS 2025:  
Content, Speakers and Program, Links, Videos and  
Further Reading; Task Description  
**Rainer Pfluger** (UIBK, AB Energy Efficient Building)

**Wednesday, 12.03.2025, 13:45**

“Climate Change in the Anthropocene”  
**Armin Hansel** (UIBK, Department of Ion Physics and  
Applied Physics)

**Wednesday, 19.03.2025, 13:45**

“Heart Beats for Heat Pumps in Existing Buildings”  
**Rainer Pfluger** (UIBK, Unit of Energy Efficient Building)  
**Heinz Fuchsig** (General Practitioner, Occupational and  
Environmental Medicine)

**Wednesday, 26.03.2025, 13:45**

“Looking forward by Looking Back - Future Thinking in  
climate Change Education”  
**Thomas Schubatzky** (UIBK, Institute for Specialised  
Didactics, Department of Subject Didactics)

**Wednesday, 9.04.2025, 13:45**

“Who Supports Carbon Pricing in Austria”  
**Julian Emmanuel Benda** (UIBK, Department of Public  
Finance)

**Wednesday, 4.06.2025, 13:45**

“#ManyDesignsCarbon – A crowd-science project about  
the impact of behavioral interventions on real-world  
support for a price of carbon”  
**Rene Schwaiger** (UIBK, Department of Banking and  
Finance)

**Wednesday, 18.06.2025, 13:45**

“Transformation and refurbishment of an old farmhouse  
in a multi-generation house with high energy efficiency”  
**Michael Flach** (UIBK, Department of Structural  
Engineering and Material Sciences, Unit of Timber  
Engineering)

The Climate Protection Lecture Series aims to raise awareness of climate change among students from all disciplines as well as interested members of the public and motivate them to actively protect the climate.

Since 2019, the lecture series has highlighted a wide range of specialist and research topics relating to climate protection. International guest speakers from science and business report first-hand on opportunities, solutions and model projects in the field of sustainability with a focus on SDG 13 Climate Action.

The lecture takes place regularly in the summer and winter semesters as part of the Interdisciplinary and Generic Competencies (recognized as coursework) and Lectures for Future.

Since the summer semester 2022, the course has also been offered as part of the AURORA course program and therefore entirely in English.

## MORE INFORMATION

**Registration LFU:online**

- course number: 800872
- VO Lecture series on climate protection
- ECTS-Credits: 2.5

**All recorded lectures are  
available on youtube!**

**course leaders:**
