Use of sponsorship money

## Introduction

My name is \_\_\_\_\_ and I attend to go to ~~\_\_\_\_\_~~, currently I'm graduating and I'm writing to inform you about how we spend the money which you sponsored us.

## ~~Data~~ Different uses

This year our school used to spend the money for different things like computers, sports equipment, books for school library and also school trips.

The most expensive thing <sup>were definitely</sup> ~~\_\_\_\_\_~~ computers. We nearly spend 5000€ for them, because we really had to buy new ones because ~~\_\_\_\_\_~~ the older ~~\_\_\_\_\_~~ ones were damaged.

Another fact is, that our school spend about 3000€ for sport equipment, which was really necessary because most things are lost, furthermore it is important for the pupils to have a good equipment for ~~\_\_\_\_\_~~ good and active sport lessons.

We also spend 1000€ for books for school library because some of the older ones fell apart and we also bought new, interesting ones.

The last 1000€ were spend for school trips <sup>to Brussels</sup> ~~\_\_\_\_\_~~.

## The benefits

In fact, there are many benefits.

We are really grateful for the money which you are sponsoring us and for the chances and opportunities which you make us possible, which I already mentioned. With the new computers we were and are able to do some more things on the computer which <sup>could be</sup> very good for our job later. We also had the big opportunity to visit Brussels and that was a really big benefit for <sup>all of us</sup> ~~us~~. Furthermore, we had much fun with our new sport equipment, especially the younger kids of our school.

## Next year

A good thing <sup>for which</sup> ~~which~~ we could spend our money next year is maybe <sup>for a bigger</sup> ~~the~~ school - buffet. It would be way better, if <sup>there would be</sup> ~~there~~ were healthy - food served.

Another thing I want to mention is that ~~the~~ our school is <sup>going</sup> ~~to~~ spend <sup>big</sup> ~~a~~ lot of the money for ~~the~~ ~~new~~ ~~video-~~ ~~projectors~~ ~~and~~ ~~new~~ ~~text-~~ ~~books~~.  
new <sup>video-</sup> projectors ~~and~~ ~~new~~ ~~text-~~ ~~books~~.

Eventually also for a new decoration in the biology classes because there's not much to see for the younger ones in our school.

again that we are

## Conclusion

By considering all the pros and benefits, <sup>want to mention</sup> ~~it's~~ absolutely happy about the receiving of your money every year,

and I'm really looking forward to the next years.  
It's a pleasure to get sponsored from you.

that we are,
