

Atomic is a global leader in the manufacture of winter sports equipment and part of the AMER Sports Corporation (Atomic, Wilson, Suunto, Precor, Arc'teryx, Mavic und Salomon). To support our **Research & Development** team in Altenmarkt (Salzburg/Pongau) we are currently looking for a:

TRAINEE ANTICIPATION & ADVANCED RESEARCH / INTERNSHIP (STARTING SEPTEMBER 2017, DURATION MINIMUM 6 MONTHS)

YOUR TASKS:

- Provide assistance to all research & development functions
- Provide assistance in product and process anticipation projects
- Coordinate advanced research activities
- PLM / PIM / DAM - Product database management
- Support IDEAS generation management
- Support in intellectual property cases and expert opinions

YOUR PROFILE:

- Marketing, Technical or Sport studies and/or background
- Fluent German & English language skills
- Microsoft Office skills (Word, Excel, Power point)
- PLM / project management skills would be an advantage
- Technical understanding
- Ability to work independently
- Passion for Skiing

Should the scope of duties meet with your profile and expectations, kindly send your application via e-mail with all usual application documents to application.austria@amersports.com.

Altenmarkt, May 2017
