

# Call for Papers: Annual Meeting of the American Academy of Religion, Chicago, IL November 17-20, 2012

## Joint Session:

### Bonhoeffer: Theology and Social Analysis Group

### Colloquium on Violence and Religion

In conjunction with the [Colloquium on Violence and Religion](#), the Bonhoeffer: Theology and Social Analysis Group invites proposals for a joint session on Bonhoeffer and René Girard. Topics may include models of community, violence and peace, theology in times of crisis, theological anthropology, discipleship and imitation, and the hermeneutic of the victim or "view from below."

The coordinating committee for COV&R sessions at the AAR is excited about this wonderful opportunity for COV&R members to explore interests and themes of interest to both Bonhoeffer and Girard scholars. We hope that a number of COV&R members will submit proposals by the March 8 deadline.

Proposals must be submitted through the AAR Paper Proposal Submission Process. Here is a direct link to the Call for Papers and to the electronic submission process:
