The ACI and the Center for Inter-American Studies (ZIAS) invite you to:

“What’s next? America under President Trump & what we can learn from the 2016 election cycle.”

Featuring

Mr. Yussi Pick

Managing Partner at [Pick & Barth Digital Strategies](#)

No one had expected it. Not the media, not Democrats - not even Republicans: Donald Trump became President Obama’s successor as 45th POTUS - President of the United States. As Digital Organizing Consultant, Yussi Pick experienced the last months of the campaign as close as one gets: at Hillary Clinton’s headquarter in Brooklyn, NY. How did Clinton’s team experience those last weeks and the night that turned out to be historic in a very different way than it was anticipated? What can we learn moving forward? And what can we expect from a Trump presidency?

Yussi Pick is a renowned expert on US elections and campaigning. He served as a pundit for ORF on US-election night and has been quoted in [several Austrian newspapers](#), as well as the [New York Times](#) and the [Washington Post](#).
